About KIMDS

KIMDS (Kejriwal Institute of Management & Development Studies) started in 2009, is a modern day management institute providing quality education to transform young, inquisitive and enthusiastic minds into future business leaders, with ultra-modern teaching methodologies in state-of-the-art campus with numerous latest technologies.

As of today, KIMDS has matured into a promising B-School of the region with several accolades under its belt, thriving in a different vibration, has produced hallmark of success through numerous batches of students, who have made their mark in the corporate environment and are contributing and supporting the progress of Indian Business significantly. We see them as the foundation of our envisioned future of being among the top business schools in the country.

Vision

To create socially responsible business leaders with a trust on development of nation and protection of environment.

Mission

To be a top B-School in the country by nurturing responsible corporate citizens and developing professionals with integrity.

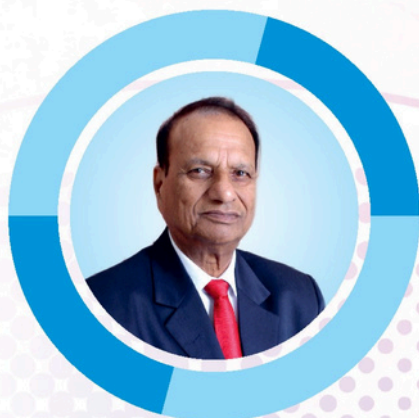

Chairman's Message

Over the years Kejriwal Institute of Management & Development Studies has been nurturing students to become business leaders of the corporate world. Recruiters are coming for campus placement drive on a continual basis and are happy with our students success. Our syllabus is reviewed and updated by academic experts from IIMs and other B-Schools. We have the best faculty team and a high faculty student ratio. We are having regular industry interaction, seminars and workshops. Students holistic personality development coupled with domain expertise is ensured. Extracurricular activities happen throughout all the trimesters. Our well stocked library, computer lab and infrastructural facilities provide students the right environment for quality learning. Student's career development is taken as a challenge among us and we ensure that the students get the best nurturing. Our students are fully equipped to take on the modern day challenges in today's corporate world and add value to the organizations they join.

- Shri Pawan Kumar Kejriwal

Managing Director's Message

Excellence and Values are our guiding principles which are reflected in every activity of the Institute. We emphasize on assimilation of knowledge, adherence to excellence, ethics and values. We inculcate these among our students with the academic rigor of our program. KIMDS fosters and nurtures leaders of tomorrow adept in proficient management of organizations. It instills and inculcates professional skills which helps them to make informed decisions for all stakeholders. All faculty members strive to achieve excellence in academic delivery and learning with adoption of latest pedagogical tools. The PGDM program leads the students for an overall transformation to become smart managers. The unique pedagogy instills the passion and quest for knowledge while learning its practical application in the dynamic real life business situations. The emphasis is on the holistic development of the students. The regular student and faculty interaction with the practicing managers and experts from the corporate world and academia is helping us to groom our bright students to face challenges of the corporate world and contribute significantly in their growth journey.

- Prof. (Dr.) Ajit Kumar Singh

PGDM Program Highlights

The Post Graduate Diploma in Management (PGDM) is a two-year full time program approved by All India Council of Technical Education (AICTE), Ministry of Education, New Delhi. The program is structured to empower young inquisitive minds in the management domain with the requisite knowledge, skills and attitude with focus on latest global perspectives to meet the need of the dynamic industry and to develop leaders who can respond to complex challenges of the global business environment. The pedagogy adopted at KIMDS is based on imparting academic knowledge base with theoretical lectures supplemented along with case studies, seminar, computer based learning, business games and role plays with active participation by students.

We follow the trimester pattern of academic calendar as per latest AICTE guidelines for augmenting quality delivery of PGDM program. The PGDM program objectives are to achieve:

- Values, skills and knowledge for global competitiveness.
- Managing self-health, stress, time, emotions, conflict resolution and growth.

The academic delivery and learning module is unique mix of teaching aids, methods and learning tools with focus on:

- Case study analysis and presentations.
- Real time exposure to business environment.
- Practical training, assignments & projects.
- Interactive lectures.
- Comprehensive class evaluation through quiz, test & presentations.
- Summer internship and Business research project.
- Beyond classroom learning through hands-on experience in industry.
- Personality growth, soft skill development and role plays.

PGDM with Dual Specialisation

- Domain Specialisation in Marketing, Finance, Human Resource and Retail.
- Students have option to choose Dual specialization in the second year.
- Two months immersive Summer Internship in Corporate.
- Add on certifications as per industry needs.
