About Technovate for India

Technovate for India is a landmark initiative by The Times of India, dedicated to sparking innovation and empowering the college management and students of India. This National Initiative will see a series of 36 Conclaves, one in each State & Union Territory, of India.

As artificial intelligence (AI) reshapes the global job market, Technovate for India aims to equip the nation's youth and the college managements with the skills and mindset needed to thrive in this evolving landscape. While AI presents both opportunities and challenges, the future of work will undoubtedly be marked by a dynamic interplay between human ingenuity and technological advancements.

To democratize technology and foster a robust tech ecosystem, Technovate for India will actively engage with students and academicians across India, reaching every state and union territory. This inclusive approach aims to ensure that technological advancements are accessible and beneficial to all, regardless of geographical location.

Event Overview:

Technovate for India includes a **Though Leaders Conclave** for College Managements and an **Ideathon** for Students, allowing participants to learn, ideate, and network. It is a space for sharing knowledge, gaining insights, and celebrating the spirit of innovation.

Thought Leaders Conclave Highlights:

- *Keynote speeches* from industry leaders & policymakers
- *Fireside chats* on technologies and future of jobs
- *Networking opportunities* for academic and industry collaboration

Ideathon Overview:

The Ideathon gives students a platform to present their ideas, collaborate with peers, and receive mentorship from experts. They get to solve real-world challenges and compete to win awards, recognition, and pan-India coverage in The Times of India.

<u>Invitation to Technovate for India Thought Leaders Conclave & Ideathon</u>

We invite esteemed academicians from selected colleges to participate in our Thought Leaders Forum. Together, we will explore the changing dynamics of the tech job market, identify emerging trends, and collaboratively develop effective strategies t**o equip students with the essential skills for thriving in this dynamic landscape**

About the Event:

- **Conclave**: Explore cutting-edge technologies, participate in panel discussions, and gain insights from industry leaders.
- **Ideathon**: Students showcase ideas, solve real-world challenges, and receive mentorship from experts.

Participant Benefits:
Inspire your students and faculty with a collaborative learning experience that bridges academia and industry.

About Ideathon : Innovate for a Better Tomorrow

Introduction:
The Technovate for India Ideathon is a platform for young innovators to present groundbreaking ideas that address real-world challenges to benefit society.

What to Expect:
- **Team Collaboration:** Students work together with faculty members to brainstorm, create, and present solutions.
- **Rewards:** Winners receive awards, certificates, and nationwide recognition for their ideas.
  A TECH SOLUTION FOR THE WORK FORCE OF JHARKHAND

The Problem Statement – Skilling Development of Workforce.
A big part of the workforce in Jharkhand is unskilled and with companies in industries like textile, automobile, IT, pharmacy and manufacturing making big investments in the state, the work force has much to gain, but lack of digital skills is a hindrance. So - *Design a technology-driven skill development solution for Jharkhand's workforce, focusing on boosting local employment. The solution should be scalable, inclusive and enhance the quantity and quality of skilled professionals.*

Ideathon - Rules & Regulations:

1. **Eligibility**: Open to college students across disciplines.
2. **Team Size**: Teams of 2-3 students + 1-2 faculty members (as mentors)
3. **Submission** : Solution to be submitted in **.ppt** format – 10 slides at max.
4. **Presentation**: Selected teams to get a 5 minute presentation slot.
5. **Judging Criteria**: Innovation, Feasibility, and Presentation.
6. **Submission Email** : All submissions to – mail@technovateforindia.com
7. **Prize Money** : First 3 teams get **Rs.50,000/-, Rs.40,000/- & Rs.30,000/-** respectively
8. **Submission Deadline**: 11-02-2025
9. **To participate** : Register at https://technovateforindia.com/
